

New Park Manor

Family Activity FAQs

Where do we find the baby and toddler activities?

Upon arrival, you may head down to the den, and we are happy to share the baby and toddler activities we have available to you. Please note these are exclusively for those on the 'Parent pleasing preschool package'. We must know ahead of time if you wish to participate.

Do we need to sign-up before arriving?

You do not need to sign-up to our family activities before arriving to the hotel. You will find a sign-up sheet for our activities down at reception on the information station the night before and the morning of the activity. Please note this sheet is taken away 30 minutes prior to the activity to ensure we can set up accordingly.

Can we leave the children with you during these activities?

No, these are family activities, not supervised sessions so a parent must always remain with the child/ren.

What other areas cater for children/play?

We offer a great outdoor space with children's toys/games. And a climbing frame with a slide and swings. We also have our cinema room which you will find through the first door to your left when walking past reception, in here you will find a pool table, football table, colouring, Xbox, PlayStation, ping pong table, soft play, story books, chalk board, variety of toys to suit all ages and a cinema screen which plays movies at 6pm and 8pm every evening. On the cinema board as you enter you will also find a variety of family hunts you can do together throughout your stay. We also have a library located above reception with some board games and many age-appropriate books.
